### DON'T BE THIN

No Need of Being Scrawny, Weak and Emaciated.

In these days of physical culture and health foods, one would hardly expect to see any thin, weak, emaciated people, but in spite of all this nearly every person you meet is thin and scrawny.

Good healthy flesh can only be gained by the use of the proper food with thorough assimilation of the fat-giving elements.

Samose has valuable flesh-forming and tissue-building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

D. F. Davis, the popular druggist, has sold in the last few weeks a great many packages of Samose, every one with his personal guarantee to refund the money if it did not give satisfaction, and has had but one person ask for the money back.

Samose has valuable flesh-forming and tissue-building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

### About the State

The Rutland Woman's club is planning a humane society as a branch of the club.

It is rumored that Boston parties who have been looking over the marble properties in the east part of the town of Middlebury have tentatively arranged to purchase the same and install new equipment next spring.

At the 36th annual meeting of the Ayrshire Breeders' association at the Hotel Manhattan, New York City, C. M. Winslow of Brandon was elected secretary and treasurer, and F. W. Spalding of Poultney took four prizes during the year, amounting to \$50.

Arthur Ploof of Burlington is laid up with serious injuries, the result of being run into by a traverse in that city on Tuesday night. One wrist is sprained and he has a number of other injuries. He was unconscious for an hour after he struck. Ploof, with other boys, was coasting, and was going back up the hill when a traverse coming down struck him full force and hurled him several feet.

The daughter of Mr. and Mrs. B. F. Thornburg, now living in Waltham, Mass., but formerly of Hyde Park, has a remarkable record in the way of relatives. She has one aunt and three uncles, two grandfathers and two grandmothers, two great-grandfathers and two great-grandmothers, nine great-aunts, and eight great-great-aunts. These are all blood relations, not relatives by marriage.

George Gardner of Springfield, teamster, is quarantined with his wife and nine children, on account of three of his children being sick with scarlet fever. The house they live in was occupied a year ago by a Polander family and one of two children died from scarlet fever. It is thought that the house was not properly fumigated and that these cases are traceable to the first outbreak.

A movement has been started looking towards the placing of a marker of some kind in the center of White River Junction on the old common, where the soldiers used to drill in revolutionary days. The idea is to have a large boulder moved to the spot and an appropriately inscribed tablet placed thereon. The originators of this movement are the Daughters of the Revolution but other clubs and organizations of the town are becoming interested in the matter. In July of the current year will occur the 150th anniversary of the chartering of the town and it is hoped that the marker may be put in position at that time.

The reports for the Vermont soldiers' home, Bennington, for the last three months are as follows: Number of inmates at present, 101; number of inmates on furlough, 7; making a total of 108 when all are present; number of inmates of hospital, 26. The deaths during the past three months have been: Leander White, Co. G, 1st Vt. cavalry, died October 17; Frederick Payne, of Co. C, 1st N. H. heavy artillery, died November 3; William J. Thomson, of Co. A, 2d Vt. infantry, died November 10; Charles H. Wakefield, U. S. N., died November 26. The following have been admitted recently to the home: Oliver Road, who served in Company G, 8th Vt. infantry; Steven Packard of Co. E, 10th Vt. infantry; Louis Burt, of the 13th Vt. infantry.

Two Burlington men, Willard Crane and David G. Crane, have come to the assistance of the Vermont Soldiers' home, Saxtons River, by pledging \$3,000 toward the rebuilding of Farnsworth hall, which was destroyed by fire Dec. 18. The loss involved by the burning of Farnsworth hall is \$30,000. A campaign has been started to secure funds to rebuild. Already \$10,000 has been paid on a mortgage of \$25,000 on the building and \$2,000 additional has been pledged. The amount pledged by the Cranes is conditional upon the remaining \$13,000 being raised. The trustees of the academy are confident that this amount can be raised and an appeal will be sent throughout the state to alumni and former students. David G. Crane is one of the trustees of the academy and Willard Crane is a former member of the board.

A golden wedding of unusual interest was that of Mr. and Mrs. Sidney Bushnell of Hinesburg, which they observed January 9. They were married in Starsboro, where both were born and always made their home until about eight years ago, their birthplaces and childhood homes being only a few rods apart. When they moved from Starsboro it left the town without a resident of the name of Bushnell, a condition which had not existed before for more than a hundred years. Mr. Bushnell always occupied a prominent position in his native town, having held practically all the important town offices. He represented the town in the legislature in the memorable political year of 1876. Two of the guests at the wedding were Mrs. Bushnell was crowned in the handsome flowered silk dress and embroidered collar and cuffs in which she was married.

Preventable Diseases.

The prevention for health protection and the sufferings caused by preventable diseases, although to a great extent unorganized as yet, is growing daily throughout the country. When it is realized that pneumonia and kindred ill represent ten per cent. of the annual mortality statistics in this country, the recent introduction of a famous Swiss prescription, Sirolin, long in general use throughout Europe for the relief and prevention of pulmonary disorders—is both timely and hopeful as a safe and sane treatment for coughs and colds which, if neglected, are the too common causes of pneumonia, and incipient consumption. Sirolin is a safe and effective home remedy and is absolutely free from morphine, cocaine or other habit forming drugs.

Saves Two Lives.

"Neither my sister nor myself might be living to-day, if it had not been for Dr. King's New Discovery," writes A. D. McDonald of Fayetteville, N. C. R. F. D. No. 8, "for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats, but your wonderful medicine completely cured us both. It's the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhages, is grippe, asthma, hay fever, croup, whooping cough—all bronchial troubles—it's supreme. Trial bottle free. 50c and \$1.00. Guaranteed by the Red Cross Pharmacy.
